EXPERIENCE

Parrilla Auto Detailing, Mobile — Car detailing

June 2023 - PRESENT

A detailing business I started in June with relatives' automobiles. Afterwards, as I gained more experience, I expanded my business to my friends and their families.

Automotive experience, Overall knowledge

A deep understanding of how a car works and how to make it better on a track. Understanding on how electronic and mechanical components interact with each other to make the vehicle function properly.

EDUCATION

Colegio Hector Urdaneta, Ceiba, PR — High school diploma

August 2023 - May 2024

I have studied here since 2021 when I entered 10th grade and I have made good and close friends, and gained life experiences.

Amador High school, Sutter Creek, CA — N/A

August 2020 - June 2021

I entered here after I finished middle school. I made some friends which I still communicate to this day.

PROJECTS

Race Car project — *1997 Honda civic ek9 Hatchback*

Building an EK9 hatchback to race at Salinas International Speedway in Puerto Rico. In the current moment of a motor swap and making it track worthy and safe to drive.

Off Road vehicle — *Sae Mini Baja*

Have been an active member in the club since January 2025. I took part in vehicle dynamics that helped in analyzing how to create suspension components from scratch. Part of the division is to help in optimizing the vehicle's performance for the off-road conditions.
